Dear Minister Rabbitte

Please find attached letters of request, to grant a licence for Leitrim not to be fracked from concerned residents of [REDACTED] Co Leitrim. We would urge you to grant us this licence to protect if nothing else, our health, not only for those of us living in the small village of [REDACTED], but also for the people living in the county of Leitrim, and of all the people living on the island of Ireland. I realise you are extremely busy but would very much appreciate a response to our concerns and failing that confirmation of receipt of this email.

Thank you for your time.

Kind Regards
